

BE A SYMBOL
OF HOPE FOR
THOSE WHO
ARE WAITING.

Learn more about organ, eye and
tissue donation and register today.

DonateLifeNC.org

ALL MAJOR RELIGIONS SUPPORT ORGAN, EYE AND TISSUE DONATION AS A FINAL ACT OF COMPASSION AND GENEROSITY.

We are all given the opportunity to give the gift of life to others. Organ, eye and tissue donation helps restore health, sight and mobility. Consider providing hope to the more than 100,000 people in need of lifesaving organ transplants and the hundreds of thousands more in need of corneas and tissue.

B B

- People of all ages and medical histories should consider themselves potential donors.
- Your medical condition at the time of death will determine what organs and tissue can be donated.
- An open casket funeral is possible. Through the entire donation process, the body is treated with care and respect. Funeral arrangements can continue as planned following donation.
- There is no cost to the donor's family or estate for donation. The donor family pays only for medical expenses before death and for funeral expenses.
- It is possible to save a life while you are still living as a kidney or partial liver donor.

B B B

- Register at **DonateLifeNC.org**. Commit now to giving life to others when you die. It is also a gift to your family to know your decision to help others.
- Consider being a living donor. This is not included in your donor registration. Visit **DonateLifeNC.org** to learn more.
- Share your life-affirming decision to register with family, friends, coworkers and community members. Ask them to consider doing the same.
- Get involved to help educate others in your community and raise funds to increase the number of lives saved and healed through donation.

Each donor registration serves as a symbol of hope to patients awaiting lifesaving or healing transplants. Thank you for your generosity of spirit.
